Afterschool Berkeley Winter Chugim Packet 2019

Monday

First Chugim: 4-4:45 PM

Toyology: Science through Toys

Sarah's Science is bringing Toyology back to The JCC East Bay with ALL NEW PROJECTS! New and returning students welcome! In these exciting hands-on science classes, we will build a variety of toys and use them to demonstrate major scientific concepts such as energy, electricity, light, gravity, motion, friction, magnetism, and simple machines. Each student will construct and take home a science toy in every class. Project highlights include: Zippy Zappy Electrical Robot, Mix-It-Up Magneto Man, Superhero Speedster, Motorized Solar Powered Buzzing Bug, and lots more! Space is limited.

Instructor: Sarah's Science Enrichment

Mondays First Chugim: 4-4:45 PM

Course Fee: \$218.75 (Price reflective of 7 classes)

Location: Room 22

Ages: K - 3rd Grade

The Coder School Berkeley - Coding Frenzy; Introduction to Programming Using Scratch

Your aspiring coder will learn to create animated stories and games while learning important fundamental programming concepts. Scratch is a drag and drop platform that allows young programmers to play with sprites and blocks while setting a foundation for logical thinking - an essential skill that contributes to success in school, sports, and generally in today's tech-driven world. Students will have the chance to let their imagination run wild as they get a taste of the endless possibilities of programming. Each student will be provided with a Scratch account so that they can continue working on their projects after class and show you all the great work they've done at home.

The chugim will take place off-site at The Coder School (2093 Rose Street). The children will walk there and back with Alex.

Mondays First & Second Chugim: 4-5:30 PM (2nd – 3rd Grade) ***Double Chugim***

Course Fee: \$245 (Price reflective of 7 classes)

Location: Offsite: The Coder School, 2093 Rose Street, Berkeley, CA

Ages: 2nd - 3rd Grade

Hanabi Judo

Hajime! (Begin!) establishes a strong base of judo technique, culture, and character. Fun tumbling, jumping and running activities warm us up before we practice our ukemi or falling techniques: Hajime students learn to fall safely, effortlessly and without discomfort.

Judo allows a smaller person to control an opponent bigger and stronger than themselves. We learn to hold a person down with “kesa-gatame” (scarf hold) and we practice throws – where our opponent can be flipped upside down – on Sensei.

Every class finishes with games that develop physical coordination, balance and laughter. We sing in Japanese about inspiration and bow to each other respectfully. Then we say "arigotoh," thank you. Respect and discipline are as much a part of Hanabi as laughter.

Price does not include a \$70 fee for a Judo uniform which is a requirement for the class. Payment for the judo uniforms should be made directly to Hanabi Judo which teaches the class.

Instructor: Hanabi Judo

Fitness in Transit: Acronastics, Gymnastics, and Tumbling

Fitness in Transit will be offering a session filled with 3 exciting art forms: acronastics/acrobalancing, tumbling, and gymnastics. Acrobalancing is an art form that combines elements of yoga, circus arts, and hand balancing. Our focus will be on safe partner lifts involving a base and a flyer. This class will teach children the basics of being a base and a flyer, and basic poses. In our tumbling segment, we will be working on tumbling passes and inverted work, as well as acrobatic sequences which will develop strength, flexibility, and loads of fun. During the weeks of our gymnastics exploration, we will be focusing on apparatus and equipment, such as balance beam, bars, wedge mats, and much, much more. Our professional instructors will create a safe, fun, and exciting environment to help children learn how to develop exciting skills and work together as a team.

Cartooning 101 with Alex

In a time where comics are struggling, it is important to look back to the true masters. People like Bill Watterson, Gary Larson, and Charles Schulz are the ones who should truly guide the direction of the funnies, not Jim Davis. And who can forget the memorable superhero strips brought to us by Stan Lee? In Cartooning 101, your child will be exposed to the masters and learn how to tell a story with a comic, not just tell a joke!

Dr. Seuss' Film Society (DSFS)

Do you like *Green Eggs & Ham*? *The Cat and the Hat* and *Sam I am*? Or is there another Seuss' book you would choose? How about the one where the reader runs zoos? Or the book about that thing that moves shoes? And good ol' Horton who loves to hear Whos? There are so many, how could you lose? *The Lorax*, *Hop on Pop*, *What Pet Should I Get*? They all are special 100 percent. If you want to come and read and watch I promise you will like it a Fox like its socks!

Students will walk to the North Berkeley Public Library and on occasion Mr. Mopps bookstore.
